

include/RBELib/SlaveSelects.h

```
graph TD; A[include/RBELib/SlaveSelects.h] --> B[ports.h]; A --> C[reg_structs.h];
```

The diagram illustrates a header file dependency. A central box at the top, labeled 'include/RBELib/SlaveSelects.h', has two blue arrows pointing downwards to two separate boxes below it. The left box is labeled 'ports.h' and the right box is labeled 'reg\_structs.h'. This indicates that the 'SlaveSelects.h' header file includes both 'ports.h' and 'reg\_structs.h'.

ports.h

reg\_structs.h
